

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-16. (Canceled)

17. (Original) A method of decorating an imaging device having a transparent door, comprising:

printing decoration on a top surface of a decorative sheet using the imaging device;

placing the decorative sheet behind the transparent door on the imaging device; and

orienting the top surface of the decorative sheet to be adjacent to the transparent door, whereby the decoration may be viewed through the transparent door.

18. (Original) The method of claim 17, further comprising the step of selecting the decoration from a plurality of decorations.

19. (Original) The method of claim 18, further comprising the step of providing the plurality of decorations on a memory device.

20. (Original) The method of claim 18, further comprising the step of downloading a decoration from a remote content source.

21. (Original) The method of claim 17, further comprising the step of designing a custom decoration.

22-23. (Canceled)

24. (New) The method of claim 17, further comprising the step of printing a user designed, custom decoration.

25. (New) The method of claim 24, further comprising the step of printing the user designed, custom decoration within a predetermined area of a larger media sheet.

26. (New) The method of claim 24, further comprising the step of printing the user designed, custom decoration within a predetermined area of a larger media sheet having perforations that form the predetermined area.

27. (New) The method of claim 24, further comprising the step of printing the user designed, custom decoration within a predetermined area of a larger media sheet, and printing a cutting guide on the larger media sheet that outlines the predetermined area.
